**RE: Drainage Pump Station No. 3 Engine Replacement
Indian Trail Improvement District
Engenuity Group Project No. 91084.016**

Dear Mr. Hynes:

I am pleased that we will be working together again on Drainage Pump Station No. 3 for the Indian Trail Improvement District. As you will recall, the last time we worked together was on the two drainage pump stations at Baywinds for the Northern Palm Beach County Improvement District. The construction of both pump stations was a success. I remember how remote the sites were and how helpful you were in solving some difficult issues such as the crossing of the wetlands with power hook-up. It was a pleasure working with you then and I look forward to working with you again.

Sincerely,

Michael R. Hanseter, P. E.
Director of Engineering
